Standing in the name of Cllr. John Cassin

“That Carlow County Council again calls on the Irish government to review the rent pressure zones as a matter urgency and include Carlow”

Standing in the name of Cllr. John Cassin

“Calls on Carlow County Council to host a major housing conference with Carlow Councillors, Housing Bodies, Department Officials, Council Officials, Construction Federation Officials and any other interested bodies. Carlow needs more social and affordable housing. I welcome all the great work done to date by our own housing section. We are still in the midst of a housing crisis here in Carlow and I want the same efforts put into Carlow as has been put into solving it in Dublin.”

Standing in the names of Cllrs. Fergal Browne and John Murphy

“That Carlow County Council ensure that the following is in place at Duckettsgrove for summer 2019; tea and coffee facilities every weekend and public holiday, open access to castle and the excellent garden facilities are maintained and further developed to current high standard and hedging on approach road to Duckettsgrove be cut back to make safer for road users.”

Standing in the name of Cllr. Adrienne Wallace

” That this Council declares a climate emergency.

Following Central governments declaration of a climate emergency we call on the government to immediately take the radical measures necessary to drastically and sustainably reduce our carbon emissions. That all future policies and possible solutions are in keeping with a just transition, and that this just transition is taken within a global context.

We further call on central government to take all steps needed to profoundly reduce our contribution to anthropogenic climate change, and to aid the international effort of preventing irreversible global warming and climate catastrophe.”

Standing in the name of Cllr. Adrienne Wallace

"Carlow County Council calls on the Minister for Health Simon Harris T.D, to introduce as soon as is possible “safe access zones” around healthcare facilities that are providing for the termination of pregnancies.

Carlow County Council believes that “safe access zones” are necessary to protect women against unnecessary distress and anxiety, and indeed harassment, intimidation and bullying when accessing what is a lawful medical service.

Carlow County Council acknowledges and respects the right of a citizen to engage in peaceful protest but believes that those engaging in anti-abortion protests in and around healthcare facilities are not engaged in legitimate public protest but rather they are targeting service users and healthcare professionals".
