“That this Council, regarding its 'section 26' Fire Service changes, preparations and implementation:

 - Recognises that the International Standards Organisation Insurance Industry Risk Assessment, calls for a Six-Person response on initial fire attack;

And furthermore accepts:

 - That such 'Section 26' plans should not be passed until all the relevant concerns of Carlow's Fire-fighters and SIPTU are properly addressed; particularly with regard to minimum personnel response numbers, and coordination of Fire Service and HSE or Ambulance Services; and
 - That no related changes will be made to the Fire Service in County Carlow, until the current related National Dispute over the "Keeping Communities Safe" document issued by Phil Hogan is resolved.”

Standing in the names of Cllrs. William Quinn and William Paton

“That Carlow County Council supports the workers in Dunnes Stores who are seeking:

- The implementation of banded hour contracts which would give workers security of hours and earnings.
- A review of excessive use of temporary contracts of employment.
- Individual and collective representational rights for Dunnes workers.

Carlow County Council welcomes the commitment to legislate for an improved framework for workers who seek to better their terms and conditions where collective bargaining is not recognised by their employer.

Further this Council welcomes Government commitment to legislate so that workers can have confidence that they have an effective system that protects and promotes their rights. This legislation ensures they can advance claims about remuneration, terms and conditions and have these determined based on comparisons with similar companies – and not be victimised for doing so.”

Standing in the name of Cllr. John Cassin

3.
