Standing in the names of Councillor William Paton and

“That Carlow County Council amend the 2009-2015 County Development Plan and insert the following paragraphs into Page 108 of the plan (immediately after the paragraph ending – “The local cultural and social landscape, which includes interpretation of local traditions and customs, can contribute to and enhance the visitor’s enjoyment of their holiday, while also being sustainable for local people in the long term”.)

There is a need to protect and conserve views and prospects adjoining public roads and river valleys throughout the county where these views are of high amenity value. In conserving views, it is not proposed that this should give rise to the prohibition of development along these routes but development, where permitted, should not seriously hinder or obstruct these views and should be designed and located to minimise their impact. The views and prospects to be preserved and protected are contained in Appendix 7 to the Plan.

It is the policy of Carlow County Council to preserve and improve places or areas from which views or prospects of special amenity value exist, as identified in Appendix 7, particularly but not confined to, those Views and Vistas listed in Table 1 of Appendix 7 and the Scenic Routes listed in Table 2 of Appendix 7”.

Standing in the names of Councillor William Paton

"That Carlow County Council call on the Minister for Agriculture, Food and Marine to set up an amnesty for unwanted horses and ponies whereby the animals are brought to local marts on appointed days and destroyed humanely by registered vets, rather than being allowed to starve in fields over the coming winter or turned out on the road posing a considerable danger to motorists and pedestrians alike."

Standing in the names of Councillor Jim Townsend

" That the Lime Kiln on The Sugar Factory site on the Athy Road be classified as a National Monument in order to remind people of the mistakes which were made during the "Celtic Tiger" era. Consideration should also be given to erect a small interpretative centre on the site in order to attract more tourists to Carlow."
