

PERCOLATION TEST APPROVAL LIST

On foot of a recent High Court Judicial Review and legal advice received in the matter Carlow County Council are obliged to discontinue the operation of the approved Panel of Site Assessors to carry out Site Suitability Assessments, Design and Certification of On-Site Wastewater Treatment Systems in accordance with EPA Code of Practice.

Please note all site assessments submitted as part of a planning application will continue to be processed in the usual manner. It is important to stress that, as heretofore, all site assessment and wastewater treatment system designs submitted to Carlow County Council must meet the requirements as set out in the relevant EPA Code of Practice.
