

# Carlow Local Authorities

# Appendix A to Implementation Plan

## Summary of Works to 2015

### Prioritisation Methodology

Carlow Local Authorities has conducted access audits throughout the County. A tremendous amount of data has been collected and summarised for inclusion in annual plans. Summaries of each audit have been prepared and work has been prioritised according to the guidelines set out in the Sectoral Plan.

The Sectoral Plan states *that “priority will be given to local authority buildings and other facilities to which access is most frequently required as well as accessible public footpaths streets and crossings in urban areas. The plans will set out targets and timeframes for carrying out these works to reflect local priorities.”* In line with this approach, we have prioritised works in the following order of built environment type. The objective is to improve universal access for the greatest number of people within a limited budget and timeframe and using the prioritisation methodology outlined in the Implementation Plan.

## Notes on Towns and Villages

The following works are required at each town and village in Carlow County in order to make these areas more accessible to all. These requirements were found in each access audit. In order to prioritise works through to 2015, it is proposed that the following works are carried out as part of the general works of the area engineers, budget and funding allowing.

### **General Requirements, throughout County:**

- ❖ Widen and improve path condition, provide road markings and dished paths with tactile surfaces at crossings.
- ❖ Provide signage, road markings, advance warnings signs to commercial and properties used by public on ongoing basis.
- ❖ Dish paths at crossings and intersections of streets and entrances to properties.
- ❖ Provide tactile surfaces at crossovers and pedestrian crossings.
- ❖ Provide additional pedestrian crossings on main streets with audible and visual warnings.
- ❖ Provide traffic calming measures on main streets.
- ❖ Mark out vehicular entrance particularly at commercial entrances.

While these are the most common and highest priority requirements throughout each town and village, the areas of greatest population are prioritised as below, with additional particular issues to be addressed for that area.

### Priority 1 Public Buildings

- Libraries
- Public Access Areas in Local Authority buildings
- Local initiatives to address unique local circumstances

### Priority 2 Major Towns

- Routes which interface between streetscapes and transport infrastructure, for example, routes which link schools, libraries, places of worship, shops, bus stops, taxi ranks, rail stations, etc.
- School crossings, pedestrian crossings, traffic light crossings,
- Provision of accessible car parking
- New or improved footpaths

### Priority 3 Villages

- Routes which interface between streetscapes and transport infrastructure, for example, routes which link schools, libraries, places of worship, shops, bus stops, taxi ranks, rail stations, etc.
- School crossings, pedestrian crossings, traffic light crossings,
- Provision of accessible car parking

- New or improved footpaths

## **Priority 3 Playgrounds, parks, public amenities, open spaces**

### **Priority 3 Cemeteries**

- The accessibility of the most used cemeteries will be addressed

This outline plan is a reflection of our commitment to improve universal access for all for the years to 2015. The plan is a summary of the most important work that needs to be conducted over the coming years. Each year we will need to review the details of the work prioritised in light of any changing local circumstances and our available budgets. The budget committed for each priority is made up of Disability Strategy Funding in addition to general operational budgets.

## Plans for 2008 Budget – Built Environment

### Libraries (2008)

Provision of accessible shelving, adjustable height desks and assistive technologies to facilitate universal access.

Provision of audio described material for Carlow, Muinebheag and Tullow Libraries.

### Major Towns - Southern Area – Streetscapes ( 2008)

Build-outs on 5 junctions in Bagenalstown to cater for disability access (i.e. dimpled paving, dropped kerbs, improved sight distance, improved signage, etc). These are the junction of Barrett Street & Royal Oak Road, Barrett Street & Regent Street, Fair Green & Church Street, Church Road & Church Street, Regent Street & Pump Street.

Construct/Mark 12 No. New Disabled Parking Bays, Bagenalstown.

Construct & Mark of 2 No. New Disabled Parking Bays in Borris.

## High Level Overview of Plans 2009 - 2015

Priority	Area	Timeframe	Budget Allocation Estimate
<b>1</b>	Libraries Public Buildings Major Towns	2009 – 2010	€400,000
<b>2</b>	Amenities Playgrounds Villages Parks	2011 – 2013	€450,000
<b>3</b>	Cemeteries	2014 – 2015	€500,000

## Summary of Actions by Location - Towns and Villages

Priority	Electoral Area	Area	Summary Actions
<b>1</b>	<b>Carlow ( Includes East and West)</b>	<b>Carlow including Graigcullen</b>	<p>Widen and improve path conditions.</p> <p>Provide signage, advance warnings signs to commercial and properties used by public on ongoing basis.</p> <p>Dish paths at crossings and intersections of streets and entrances to properties.</p>
	<b>Borris</b>	<b>Borris</b>	
	<b>Muinebheag</b>	<b>Bagenalstown</b>	
	<b>Tullow</b>	<b>Tullow</b> <b>Hackettstown</b>	
<b>2</b>	<b>Borris</b>	<b>Carrigduff – Bunclody</b>	<p>Provide tactile surfaces at crossovers and pedestrian crossings.</p> <p>Provide additional pedestrian crossings on main streets with audible and visual warnings.</p>
		<b>Ballon</b>	
		<b>Clonegal</b>	
		<b>Myshall</b>	
		<b>Tinnahinch</b>	

## Carlow Local Authorities Implementation Plan Appendix A September 2008

		<b>St Mullins</b>	Provide traffic calming measures on main streets.
	<b>Muinebheag</b>	<b>Ballinabranagh</b> <b>Leighlinbridge</b>	Mark out vehicular entrance particularly at commercial entrances.
<b>3</b>	<b>Carlow East</b>	<b>Tinryland</b>	<i>The specific areas requiring these actions are outlined in the summary of audits provided by Configure.</i>
	<b>Muinebheag</b>	<b>Rathoe</b>	
	<b>Tullow</b>	<b>Grange</b> <b>Rathvilly</b>	

## Action Plan

Priority	Buildings: Libraries and Civic Offices								
	Electoral Area	Location	Actions and Sub Actions	Time Frame	Budgetary Estimate	Lead Dept	Linkages	Detail of progress to date	Next Stage
<b>1</b>	Carlow	Main Civic Offices	<b>Reception:</b> Provide Public Use Accessible Toilet/WC facility to Part M standards adjacent to reception area. Improve directional signage from Reception Area. Provide induction loop system and other improved facilities to Chamber room.	<b>Priority 1</b> <b>2009-10</b>	€to be decided on an annual basis	<b>Corporate Services</b> <b>Carlow County Council</b> <b>and</b> <b>Carlow Town Council</b>	All Departments		

## Carlow Local Authorities Implementation Plan Appendix A September 2008

<b>1</b>	Carlow	Main Civic Offices	<b>Building Circulation:</b> Improve or replace passenger lift to best practice standards. Improve Ramps and Stairways. Internal doorways improved for widths and access. Improve and maintain clear corridor routes.	Priority 1 2009-10	€ to be decided on an annual basis	Corporate Services Carlow County Council and Carlow Town Council	All Departments		
<b>1</b>	Carlow	Main Civic Offices	<b>Signage:</b> Improve directional, way – finding and doorway signage.	Priority 1 2009-10	€				

## Carlow Local Authorities Implementation Plan Appendix A September 2008

<b>1</b>		<b>Carlow Central Library</b>	<b>Reception:</b> Install low-height accessible desk area and induction loop system. Provide induction loop system to one public interview room. Provide Public Use Accessible Toilet/WC facility to Part M standards adjacent to reception area. Improve directional signage from Reception Area. Provide induction loop system and other improved facilities to Public Meeting room.	<b>Priority 1 2009-10</b>	<b>€to be decided on an annual basis</b>	<b>Corporate Services Carlow County Council</b>	<b>Library Services and Housing</b>

Priority	Parks, Lawns and Playgrounds								
	Places not listed to be subject of future access audits								
	Electoral Area	Location	Actions and Sub Actions	Time Frame	Budgetary Estimate	Lead Dept	Linkages	Detail of progress to date	Next Stage
<b>2</b>	Carlow	Hanover Public Park, Carlow	<p><b>Facility approaches and parking facilities:</b>            Improve signage at entrance and provide park map.            Provide tactile warning surface and markings at entrance. Consider providing pedestrian crossing with markings and signage near entrances.            Install safety barriers and lighting at second entrance.            Consider installing parking spaces with colour contrast and texture markings for wheelchair users.</p>	Priority 2 2011-13	to be decided on an annual basis	Carlow Town Council			

## Carlow Local Authorities Implementation Plan Appendix A September 2008

<b>2</b>			<b>Pathways and Paving:</b> Improve maintenance of path surface to provide wheelchair access to playground. Improve edge curb for visually impaired. Ensure paths are a min. of 1200mm wide.	<b>Priority 2 2011-13</b>		<b>Carlow Town Council</b>			
<b>2</b>			<b>Safety Risk Areas:</b> Remove trip hazards on pathways and at playground. Provide safety/ protection rails at drops on walkways and at river edge.	<b>Priority 2 2011-13</b>					
<b>2</b>			<b>Shelter and Seating:</b> Provide covered rest areas.	<b>Priority 2 2011-13</b>					
<b>2</b>	Carlow	Carlow Town Park	<b>Facility approaches and parking facilities:</b> Improve wayfinding signage to park. Provide barriers to road, road markings, tactile warning markers and safety rails at entrance.	<b>Priority 2 2011-13</b>					

## Carlow Local Authorities Implementation Plan Appendix A September 2008

<b>2</b>			<b>Pathways and Paving:</b> Improve curb edge for visually impaired. Improve path surface quality for wheelchair users.			<b>Carlow Town Council</b>			
<b>2</b>			<b>Safety Risk Areas:</b> Provide lighting at entrance and throughout park.						
<b>2</b>			<b>Shelter and Seating:</b> Provide covered rest areas.						
<b>2</b>	<b>Carlow</b>	<b>Askea Lawns</b>	<b>Facility approaches and parking facilities:</b> Provide traffic calming road markings and signage at entrances. Provide marked car parking spaces for wheelchair users.			<b>Carlow Town Council</b>			
<b>2</b>			<b>Pathways and Paving:</b> Remove trip hazards. Provide safety railings at meeting of walkways and roads. Improve path surface and curb edges for the visually impaired. Prune shrubs along walkways.			<b>Carlow Town Council</b>			

## Carlow Local Authorities Implementation Plan Appendix A September 2008

<b>2</b>			<b>Safety Risk Areas:</b> Provide pedestrian signage. Provide railings on ramp at playground.			<b>Carlow Town Council</b>			
<b>2</b>			<b>Shelter and Seating:</b> Provide covered rest areas.						
<b>2</b>	<b>Borris</b>	<b>Myshall Playground</b>	<b>Facility approaches and parking facilities:</b> Provide signage to the playground and listing activities and opening hours. Mark colour contrasting car parking spaces for wheelchair users. Provide ramps with safety railings, colour contrast and tactile warning markings.			<b>Southern Area Office</b>	<b>Recreation and Amenity</b>  <b>Community and Enterprise</b>		

## Carlow Local Authorities Implementation Plan Appendix A September 2008

2			<p><b>Pathways and Paving:</b>  Remove tree roots and overhanging branches from pathways. Improve path surface for wheelchair users and fill in potholes. Improve curb edges for visually impaired.  Provide colour contrast /tactile paving.  Paths should have a minimum width of 1200mm.</p>						
2			<p><b>Safety Risk Areas:</b>  Improve lighting at park entrance.  Provide bins with lids.  Well and waterfall areas require safety railings, tactile surfaces and warning signage.</p>						
2			<p><b>Shelter and Seating:</b>  Replace picnic table with a model suitable for all people.</p>						

## Carlow Local Authorities Implementation Plan Appendix A September 2008

2	Carlow	Oak Forest Park	<b>Facility approaches and parking facilities:</b> Improve signage at entrance. Install traffic calming markings. Provide marked car parking spaces for wheelchair users.			Recreation and Amenity	Central Area Office		
2			<b>Pathways and paving:</b> Mark separate routes for pedestrians and cyclists. Provide tactile warnings at start and end, colour contrast and slip resistant surface on walkways.			Recreation and Amenity	Central Area Office		
2			<b>Safety Risk Areas:</b> Provide bicycle parking areas and animal cleaning scoopers. Improve lighting of public areas and entrances.						
2			<b>Shelter and Seating:</b> Improve access to seating area for vehicles. Provide seats with back support and covered rest areas. Install hard path surface at seating area.						

## Carlow Local Authorities Implementation Plan Appendix A September 2008

2			<b>Information:</b> Provide large print signage with Braille information leaflets.
